Analysis

EMPLOYMENT

X Currently, the federal government provides regular grants to this state for the purpose of financing the cost of administration of unemployment insurance (UI). In addition, the federal government provides special grants to this state that may be used for the purpose of administration of UI, for the payment of UI benefits, or for certain other purposes. Currently, only the first \$2,389,107 of the moneys in a special grant for federal fiscal year 2002 may be used for UI administration. This bill permits all of the moneys received in the special grant for federal fiscal year 2002 to be used for UI administration, but only after all available moneys provided to this state in regular federal grants are first used for that purpose. The bill further provides that none of the moneys in any special federal grant for federal fiscal years 2000, 2001, or 2002 may be encumbered or expended after September 30, 2007.

The change potentially increases the liability of employers to finance UI benefits through contributions (taxes).

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.

Legislative Reference Bureau**From:** Josh Hummert 
Executive Policy and Budget Analyst**Subject:** Funding Unemployment Insurance Administration

Appropriation s. 20.445(1)(nc) authorizes the Department of Workforce Development (DWD) to use Reed Act funds from the 1999, 2000, and 2001 distributions and the first \$2,389,107 of the federal fiscal year 2002 to be used for the administration of unemployment insurance. Please change this language to authorize DWD use Reed Act funds from the March 2002 distribution to pay for administrative costs in FY06 and FY07.

DWD may only use these funds to pay unemployment insurance administrative costs if the federal grant for unemployment insurance is insufficient to meet the spending levels authorized by the 2005-2007 biennial budget.
